

2N IP Helios 3x2 button + keypad + display (9137160KDE)

Product Name: 2N IP Helios 3x2 button + keypad + display (9137160KDE)

Manufacturer: 2N Telecommunications

Model Number: 9137160KDU

2N IP Helios 3x2 button + keypad + display (9137160KDU - 9137160KDE)

The 2N Helios IP with display door phone is the latest development in the 2N Helios series of door communicators. It offers the same features as 2N Helios IP, but due to its TFT colour display it has more user friendly and comfortable use.

2N IP Helios 9137160KDE Advantages

- Easy installation
- Intuitive control
- Easy navigation in the menu
- Full duplex audio
- Picture of the called person
- Company logos/slideshow
- Indication of call status (engaged, calling)
- Customisable menu
- Remote administration

The Helios IP with display provides customers with a user-friendly environment thanks to which you can easily search out the right contact and monitor the status of your call – whether the line is engaged or not. When looking through the list of participants you can even see their faces appear on the display. The entire communicator system and its display control can be easily tailored to your needs and all settings and controls can be operated remotely thanks to the Internet connection.

Impress your visitors as soon as they arrive on your doorstep. The 2N Helios IP with display offers you an attractive and moreover toll-free advertising area. You can easily upload your logo or slides of products and present your business offer via the screen saver
