Product Name: AVM Fritz WLAN USB Stick N

Manufacturer: -

Model Number: FZ-WLAN-USB-N

Availability: In Stock

FRITZ!WLAN USB Stick N is a fast and easy way to connect your PC to your FRITZ!Box WLAN and other compatible WLAN routers. It uses the new WLAN standard 802.11n (Draft 2.0), which boosts speed to up to 300 Mbit/s.   Wireless surfing is even more fun thanks to the compact design, the super easy installation and WPA2 wireless encryption, which is considered impossible to crack. And the unique Stick & Surf technology lets you set up your secure wireless network without having to configure settings on your PC.

 Using FRITZ!WLAN USB Stick N: AVM Stick & Surf technology makes setting up an incredibly secure WLAN network easier than ever before: Step 1: Connect FRITZ!WLAN USB Stick N once to the USB host of your FRITZ!Box Fon WLAN 7270, FRITZ!Box Fon WLAN or FRITZ!Box WLAN. The data required for securing the network is transferred automatically to the stick. Step 2: Connect the FRITZ!WLAN USB Stick to your PC. That’s it! Your WLAN connection is now encrypted. No other configurations are necessary. Using the FRITZ!WLAN software, you can also set up connections to other manufacturers’ WLAN access points in just minutes. The transmitter power can be adjusted to monitor electricity consumption and wireless coverage using FRITZ!WLAN. FRITZ!WLAN USB Stick N security:

• Top WLAN security thanks to the WPA2 (802.11i) encryption standard, considered impossible to crack
• WLAN access point security settings transferred using AVM Stick & Surf technology
• Compatible with WPA, WEP-128 and WEP-64 encryption standards

FRITZ!WLAN USB Stick N details:

• USB WLAN client for cordless wireless networks
• WLAN wireless networks according to 802.11n Draft 2.0 (300 Mbit/s), 802.11g/a (54 Mbit/s) and 802.11b (11 Mbit/s)
• WPA2, WPA, WEP-128 and WEP-64 encryption
• 2 LEDs indicate connection and activity
• Fast USB 2.0 port (compatible with USB 1.1 with a reduced data transfer rate)
• Frequency range: 2.4 GHz (for 802.11n/g/b) and 5 GHz (for 802.11n/a)
• Two integrated antennas
• Supported operating systems: Windows Vista and Windows XP
• Maximum power consumption 1.65 W (2.4 GHz transfer)/1.82 W (5 GHz transfer)
• USB bus-powered, no external power supply required
• Online firmware updates
• Dimensions: approximately 73 x 24.5 x 10.5 mm (L x W x H)
• Weighs approximately 13 g

FRITZ!WLAN USB Stick N included in box:

• FRITZ!WLAN USB Stick N to connect to your USB port

- 50 cm long USB extension cable
- CD-ROM with driver software and WLAN control program
- Printed English quick-start guide
- English manual in PDF format

Price: £48.90
