Product Name: AVer HVC130 HD Video Conference System
Manufacturer: AVer
Model Number: HVC130

Please note: the AVer HVC130 has been discontinued. The AVer EVC130 is the direct replacement.

AVer's HVC130 HD Video Conference System
The AVer HVC130 gives businesses a budget-friendly video conferencing product for 2way, point-to-point communication. The HVC130 from AVer comes equipped with a 5-megapixel PTZ camera and HD720p30fps output for clear, lag-free video. And, by linking the system’s unidirectional microphones into a daisy chain, you can enjoy clear audio in even larger conference rooms. AVer has developed a number of handy software add-ons for the HVC series as well, like ScreenShare, our wireless content sharing software for PCs, and VCLink, our exclusive app for instantly sharing live images and snapshots using your mobile device.
The HVC130 solution is full of great features
The AVer HVC130 HD video conferencing system is budget-friendly, and designed with flexibility and convenience in mind.
AVer HVC130 Key features

• See every expression clearly with the HVC130's HD720P resolution at 1M bandwidth
• Experience crystal clear, lag-free video feed thanks to the 30fps frame rate
• Share and receive content from laptops, visualizers (document cameras) and similar devices while still displaying the live video feed
• Connect with any far-site device supporting the H.323 protocol, and the H.239 protocol for content sharing

HVC130 Technical Specifications:
Model   HVC130   System includes

• Main system
• HD quality PTZ camera
• Microphone (unidirectional)
• IR remote control
• L-bracket
• Connection cables

Communications

• H.323 and SIP standard

- 128kbps~4mbps
- 1xRJ-45 network LAN (10/100Mbps)
- Manual bandwidth setting
- MCU up to 4 sites
- Content sharing capability from all sites

Display

- Supports XGA (4:3 RGB) / 720p (16:9 RGB) display
