Product Name: Akuvox SDP-R29 Door Phone
Manufacturer: Akuvox
Model Number: SDP-R29

Akuvox SDP-R29 SIP Door Phone
The Akuvox SDP-R29 offers users the security that comes with being able to control who comes into a building, along with the ability to verbally and visually confirm their identity. The SDP-R29 enables users to easily monitor an entrance door or gate and offers the peace of mind knowing that the facility is more secure.
Akuvox SDP-R29 Door Phone Key Features

• Enables audio and visual monitoring of doors/gates which increases security on residential or commercial premises
• Uses the latest H.264 video and G.722 audio codec to provide the highest quality video image and audio clarity
• Allows both audio and video communication to an IP phone, mobile client, or softphone
• Enables the ability to remotely control the door/gate
• Presents information and user navigation options unique to your business
• Eliminates the need for personnel to be physically stationed at the door/gate which improves productivity and frees them up to work on other things
• Speeds response time to visitors, delivery and service personnel that require access

Akuvox Video Integration The SDP-R29 seamlessly integrates with Akuvox phones and its camera is ideal for working with Akuvox VP-R4X series. The real time video is streamed to the 7” TFT LCD of VP-R47P and VP-R49P and can be viewed at any time. There is no need for any 3rd party software or IP PBX support to view the video stream.
Akuvox SDP-R29 Door Phone - Technical Specifications
Physical & Power

• Size: 317x130x23mm (HxWxD)
• Weight: 1.34kg
• Body material: all-aluminum
• Display: 7” IPS LCD
• Screen: 7” capacitive touch screen
• Camera: 5 Mega pixels, automatic lighting
• 12V DC connector
• Water-proof & Dust-proof: IP65
• Collision-proof: IK06
