Avalle Verso Trio VoIP Headset Kit - All-in-one Monaural and Binaural headset + AV01 Smart Lead

The Avalle Verso VoIP Headset is a revolutionary all-in-one Monaural and Binaural headset. The evolved design of the Avalle Verso allows users to switch wearing style to suit their working environment. In a matter of seconds, the Verso can transform from a one eared headset into an enhanced noise cancelling tool that will help concentration. Avalle Verso Trio VoIP Headset Kit Features

- Adapt to your working environment
- First of its kind: Monaural (One Ear) & Binaural (Two Ear) headset in one
- Extra large soft leatherette ear pads
- Padded headband with numbered stops
- All working parts replaced
- Ultra-Noise Cancelling microphone
- Exceptional wideband audio quality
- 270 Degree ratcheted boom arm
- Designed, engineered and tested in the UK
