

ClearOne Chat 170 Microsoft Lync (OCS) IP USB Conference Phone

Product Name: ClearOne Chat 170 Microsoft Lync (OCS) IP USB Conference Phone

Manufacturer: ClearOne

Model Number: CC-910-156-250

ClearOne Chat 170 Microsoft Lync (OCS) IP USB Conference Phone

Speaker phones for individual, small, medium or large group use, the CHATAAttach 170 and CHAT 170 connect to PCs and laptops for rich, full-duplex audio communication with Microsoft Office Communicator 2007. The CHATAAttach 170 and CHAT 170 are the perfect addition to the office or conference room for greatly enhanced collaboration. Applications Office Communicator 2007 Perfect for:

- Boardrooms
- Small, medium or large Conference Rooms
- Executive Offices
- Home Offices
- Ad-hoc conferences any time, any place

Advantages Provides high quality speakerphone capabilities on PCs or laptops:

- Connect the CHATAAttach 170 or the CHAT 170 to PCs and laptops via USB for hands-free, full-duplex audio with Office Communicator 2007
- Incoming calls ring on the CHATAAttach 170 and the CHAT 170
- True plug-and-play operation - Requires no drivers or software to be installed
- Also provides crystal-clear audio for video conferencing and streamed multimedia content
- Eliminates the need for large, expensive tabletop conference phones in executive offices
- Replaces the PCs speakers and microphone with a high-quality, hands-free audio solution
- Sleek industrial design complements the professional environment of boardrooms and executive offices

Enjoy crisp, clear audio:

- Advanced ClearOne audio processing technologies deliver remarkably rich, full audio for natural, effortless conversations: - True full-duplex performance allows users to listen and speak at the same time without audio cutting in and out - Distributed Echo Cancellation eliminates acoustic echo - Noise cancellation identifies and removes ambient room noise - Advanced automatic level management automatically adjusts microphone levels
- Three built-in microphones provide full 360-degree coverage up to 8 feet from device - Easily manage 1-6 call participants - Provides rich audio from the far side participants
- Full bandwidth frequency response delivers better audio

Room Applications CHAT 170 CHATAAttach 170 Configuration Software Allows users to easily switch between devices; software applies optimized settings to CHAT 170 for each device. Auto-updates from the Web to keep software & CHAT 170 up-to-date with the latest enhancements.
