

ClearOne Chat 70 Microsoft Lync (OCS) IP USB Conference Phone

Product Name: ClearOne Chat 70 Microsoft Lync (OCS) IP USB Conference Phone

Manufacturer: ClearOne

Model Number: CC-910-159-250

ClearOne Chat 70 Microsoft Lync (OCS) IP USB Conference Phone

Personal Speakerphone The CHAT 70 is a personal speakerphone that connects to PCs and laptops for rich, hands-free audio communication with Microsoft Office Communicator 2007. With HDConference audio technologies, the CHAT 70 is the perfect audio peripheral for greatly enhanced collaboration through unified communication. Applications

- Office Communicator 2007
- Perfect for:
 - Teleworkers
 - Small Offices
 - Travelling Professionals
 - Ad-hoc conferences any time, any place

Advantages Provides high quality speakerphone capabilities on PCs or laptops:

- Connect the CHAT 70 to PCs and laptops via USB for hands-free, full-duplex audio with Office Communicator 2007
- Incoming calls ring on the CHAT 70
- True plug-and-play operation - Requires no software or drivers to be installed
- Also provides crystal-clear audio for video conferencing and streamed multimedia content
- Replaces the PC's speakers and microphone with a high-quality, hands-free audio solution
- Sleek industrial design complements any professional environment
- Small, yet rugged enough to toss in your computer bag and take on the road

Enjoy crisp, clear audio:

- Advanced HDConference audio processing technologies deliver remarkably rich, full audio for natural, effortless conversations: - True full-duplex performance allows users to listen and speak at the same time without audio cutting in and out - Echo cancellation eliminates acoustic echo - Noise cancellation identifies and removes ambient room noise - Advanced automatic level management automatically adjusts microphone levels
- Full bandwidth frequency response delivers better audio
