Product Name: Clearone Chat 70-U Speakerphone with Push Button Answer and Disconnect

Manufacturer: ClearOne

Model Number: CC-910-159-257

Clearone Chat 70-U Speakerphone with Push Button Answer and Disconnect

The CHAT 70-U speakerphone is created expressly for VoIP applications using Microsoft Lync PC's or Unified Communications software, and is designed for ease of use and unsurpassed superior voice quality. It features raised, push-button controls for speaker volume, mute and call hook. ClearOne's HD Conference[®] technology provides acoustic echo cancellation, noise cancellation and automatic audio level control, all critical for natural, free-flowing conversation and clear, rich sound quality. Eliminates the need for a headset when making Microsoft Lync Calls Applications

- Lync Server 2010
- Audio Conferencing
- Video Conferencing
- Multimedia Streaming

Perfect for:

- Teleworkers
- Small Offices
- Travelling Professionals
- Ad-hoc conferences any time, any place

Advantages Provides high quality speakerphone capabilities on PCs or laptops:

- Connect the CHAT 70-U to PCs and laptops via USB for hands-free, full-duplex audio with Lync
- Hands-free flexibility and comfort:
- Move around freely without being tethered to a headset
- Avoid the discomfort caused by prolonged headset use
- Replaces the PC's speakers and microphone with a high-quality, full-duplex audio solution
- True plug-and-play operation - no software drivers or downloads needed
- Incoming calls ring on the CHAT 70-U
- Sleek industrial design complements the professional environment of any office or meeting room
- Small, yet rugged enough to toss in your computer bag and take on the road
- Perfect for desktop, travel or home use
- Works with other PC communication applications*

Enjoy crisp, clear audio: Advanced HD Conference[®] audio processing technologies deliver remarkably rich, full audio for natural, effortless conversations including:

- Crystal-clear audio for video conferencing and streamed multimedia content
- True full-duplex performance allows users to listen and speak at the same time without audio cutting in and out
- Echo cancellation eliminates acoustic echo
- Noise cancellation identifies and removes ambient room noise
- Advanced automatic level management automatically adjusts microphone levels

Clearone Chat 70-U Speakerphone with Push Button Answer and Disconnect

- Full bandwidth frequency response delivers better audio

* Control is limited to PC communication application only
