

# CyberData SIP Office Ringer (011149)

Product Name: CyberData SIP Office Ringer (011149)

Manufacturer: CyberData

Model Number: 011149

Please Note: The CyberData SIP Office Ringer (011149) is now end of life. Please see the CyberData 011216 as an alternative.

CyberData SIP Office Ringer (011149)

The CyberData SIP-enabled SIP Office Ringer is a Power-over-Ethernet (PoE 802.3af) and Voice-over-IP (VoIP) notification device that easily connects into existing local area networks (LANs) with a single cable connection. The SIP Office Ringer provides an audible ring indication when part of a ring group. The SIP Office Ringer also supports direct SIP voice paging and priority-based Multicast broadcasts. Standard night ringer function can be utilized as detailed in the Operation Guide. Additional features include priority-based multicast support, night ringer function and event reporting, as well as firmware uploads via the web. For the latest firmware release, please go to the Downloads tab. CyberData 011149 Key Features:

- SIP and multicast compatible
- Night Ringer function
- Dual speed 10/100 Mbps
- POE 802.3af
- Network firmware upgradeable
- Network volume adjustable
- Intrusion sensor
- Dry contact relay

CyberData 011149 Key Specification

VoIP Indoor Office Ringer

Protocol

SIP RFC 3261 Compatible

Ethernet I/F

10/100 Mbps

Power Input

PoE 802.3af or +5V at 1A

Operating Temperature

-30 to 55C (-22 to 131F)

Payload Types

G711 A-Law and u-Law

Output Level  
10 Watts Peak

Sensitivity  
96dB / 1W / 1M S.P. Level

Regulatory Compliance  
FCC Class B, UL 60950, CE

Dimension  
5" x 5" x 2.5" (H x W x D)

Warranty  
2 Year Limited

Part Number  
011149

Installation

**Please Enquire**
