

CyberData VoIP Remote Call Button - RAL 9003 White 011185

Product Name: CyberData VoIP Remote Call Button - RAL 9003 White 011185

Manufacturer: CyberData

Model Number: 011185

CyberData VoIP Remote Call Button - RAL 9003 White 011185

As an option to the SIP Talkback speaker, the CyberData VoIP Remote Call Button - RAL 9003 White 011185 enables calls to the Talkback Speaker that can be initiated or answered from a remotely-mounted switch. When enabled through the Web interface, if the Remote Call Button is pressed, the speaker would initiate a SIP call to a predetermined extension. When the Talkback Speaker is called from a remote phone and Auto-Answer is not enabled within the unit's Web interface, the LED on the Remote Button will blink. The call will be answered when the button is pressed.

Price: £62.50
