The C595 DECT Phone features a best-in-class, large TFT colour display, an easy-to-use modern user interface, brilliant sound quality with HSP, and an integrated answering machine with up to 45 minutes of recording time. For even more convenience and simplicity in daily telephony, it features a baby alarm, programmable VIP ring tones and a talk time of up to 12 hours.

The Gigaset C595 offers the perfect fusion of quality technology, refined design and easy-to-use features – the ideal phone for any family's living room. If reliability and familiar elegance plus the advantages of a built-in answering machine are what you and your family are looking for, the Gigaset C595 is the phone perfectly suited to your needs.

Answering machine advantages Other obligations in life mean you can't always make it to the phone. The Gigaset C595 with an integrated answering machine is there for your calls, even when you can't be. The answering machine provides up to 45 minutes of recording time – enough room for every caller. It also offers features that make using the answering machine even easier, such as the LED new message display on the base station, and the skip back function that let you rewind and repeat the last few seconds of a message. Stay in charge Live easier and organise efficiently by using extra features designed with your family in mind. The integrated baby alarm, for example, lets you monitor your child when you're busy with other things at home. Simply enter in an external number under which you can be contacted, or internal one if you have multiple handsets, and leave the handset with your child. You can also preset the noise level that must be reached for the phone to automatically dial the

programmed number, after which you can hear what's happening. Additionally, you'll remember significant dates easily with the Gigaset C595's birthday reminder feature. Just enter in the birthdays of family and friend; when the special day arrives, the telephone automatically plays a melody as a reminder. Also benefit by activating the anonymous call silencing feature on your handset, which turns the ringer off for all unidentified numbers, though the call still appears on the display and in the call-log. Navigate effortlessly Ease, convenience and regard for aesthetics – this is menu navigation with the Gigaset C595. Find the features you need with ease on the large, high-quality TFT colour display, which is also equipped with a modern user interface. And the jumbo font size ensures you'll easily find the correct numbers in your personalized phone book or comfortably text message to friends and family using the SMS² feature. Personal preferences The Gigaset C595 adapts to you and your needs. If you have a larger home or demand more flexibility, it's easy to expand your Gigaset C595 to up to 6 handsets. And you can optionally programme your ring tones and set up to six VIP groups, letting you recognize some callers just by the ring. Brilliant sound quality Clearly comfortable conversations with the Gigaset C595. This attractive and reliable phone contains HSP[®] for all your calls in brilliant sound quality. This Gigaset technology delivers clear, crisp voices free from annoying hissing or distortion with every call. ECO DECT for energy savings and radiation-free¹ telephony The energy-saving power supply of the Gigaset C595 consumes less electricity³, so it saves you money and is better for the environment. Like all Gigaset cordless phones, it also variably reduces the transmitting power from the handset to base station depending on their distance apart. You can also reduce the transmitting power of the Gigaset C595's base station by 80%* simply by selecting the ECO Mode. Furthermore, radiation-free** ECO Mode Plus slashes the transmitting power by up to 100% when the handset is in standby. This way, you can enjoy a more energy-efficient way of staying connected with your family and friends. If you are looking for a reliable, family oriented telephone packed with high-quality features plus an integrated answering machine, then the Gigaset C595 is the perfect telephone for your living room.
