## Gigaset E49H DECT Handset

Please Note the Gigaset E49H DECT Handset has now been discontinued, Please see the replacement Gigaset R410H PRO Robust DECT Handset. The Gigaset E49H DECT Handset is the tough handset from Gigaset. The E49H is resistant to water splashes, electric shocks and dust. The E49H Handset can survive in any environment, from the most hectic of homes to the dustiest of workshops. Gigaset E49H DECT Handset Key Features

- High resistance to shocks, water splashes and dust.
- Advanced hands-free talking with great sound quality.
- Vibracall, headset connection and illuminated colour display.
- Reliably long standby time of up to 250 hours.
- Talk time up to 12 hours
- Phonebook for up to 150 entries
- ECO DECT with Zero Transmission Mode

The robust handset built to stay protected in life's many situations. The Gigaset E49H DECT Handset is easy to handle, this handset has an illuminated colour display and keypad for faster navigation. Thanks to a vibracall setting, it even vibrates to let you know a call is coming. Speaking is a pleasure on the comfortable handset. Or when you need to do two things at once, you can experience advanced hands-free with great sound quality or use the helpful headset connection via 2.5mm jack. With talk-time of 12 hours and an extra long standby time of 250 hours, the Gigaset E49H is simply dependable. And if you pay attention to the environmental and financial impact of your energy use, you'll be pleased with the Gigaset E49H's radiation-free<sup>1</sup> and energy-saving ECO DECT technology. With ultra practical features and a durable outer shell, the Gigaset E49H is the steadfast handset that withstands the vigours of even the most demanding days. Reliably resilient. The Gigaset E49H is built for individuals that need a sturdy handset they can trust, from families to craftspeople. Made with the highest quality materials, put together using advanced German engineering, this phone is shock proof, splash proof, resistant to dust and can cope with all practical environments. Ideal for houses with children, you needn't worry if this handset gets dropped, bumped or splash ed – with its shock proof exterior, the Gigaset E49H is tough enough to take it. The same goes for workshops and garages: carry out your daily work with your handset close by. Even when producing dust or using liquids, you can be confident that the Gigaset E49H will survive and you'll never miss a call. Job done. The Gigaset E49H has an extra long standby time of up to 250 hours. This means it doesn't need constant charging at the base station, so it can stay in your pocket as you complete your tasks. And thanks to vibracall, you can feel a call coming as well as hear it – perfect for noisy places. With a talk time of up to 12 hours, you can speak for a long time on the Gigaset E49H. When you need to do two things at once, you can get the job done with advanced hands-free or use a headset via the Gigaset E49H's 2.5mm jack connection – always with great sound quality. Pure convenience. With its robust design, advanced hands-free and user-friendly interface the Gigaset E49H offers an efficient way of

staying in touch. Enjoy fuss-free navigation thanks to the clear menus, illuminated keypad and colour display. And save time even further by storing the details of up to 150 important contacts on the Gigaset E49H's spacious phonebook. ECO DECT for energy savings and radiation-free<sup>1</sup>; telephonyThe energy-saving power supply of the Gigaset E49H consumes less electricity<sup>2</sup>, so it saves you money and is better for the environment. Like all Gigaset cordless phones, it also variably reduces the transmitting power from the handset to base station depending on their distance apart. You can also reduce the transmitting power of the Gigaset E49H's base station by 80%<sup>3</sup>; simply by selecting the ECO Mode. Furthermore, radiation-free\* ECO Mode Plus slashes the transmitting power by up to 100% when the handset is in standby. This way, you can enjoy a more energy-efficient way of staying connected with your family and friends. Splash proof, dust proof and shock resistant, the Gigaset E49H has the brawn to withstand whatever situation comes its way. This hardy handset fits in perfectly with hectic lifestyles, giving great sound quality on every call.
