

Gigaset N300IP DECT Base Station

Product Name: Gigaset N300IP DECT Base Station

Manufacturer: Gigaset

Model Number: N300IP

Please note: For an alternative to the Gigaset Gigaset N300IP, VoIPon recommends the Gigaset N510 IP PRO base station which supports all available Gigaset DECT handsets.

Gigaset N300IP DECT Base Station

The Gigaset N300 IP is the easy-to-configure hybrid DECT IP base station that lets users enjoy calling over both a landline and the internet. Multi-line support allows registration of up to 6 different compatible Gigaset handsets to the base station and up to 4 parallel calls (1 landline + 3 VoIP) can be made at once. All VoIP calls are in HD sound thanks to exceptional HDSP¹ technology. Energy-saving² ECO DECT means that the Gigaset N300 IP is eco-conscious as well as hi-tech. For a high-quality DECT IP base station, discover the Gigaset N300 IP. Parallel calls and multiple lines Place parallel calls, establish multiple lines, set up multiple VoIP accounts and phone numbers on the Gigaset N300 IP. This hybrid DECT IP base station allows for up to 4 parallel calls in combination of landline and VoIP. Users choose up to six compatible Gigaset handsets and simply register them to the Gigaset N300 IP. The base station also supports up to 6 different VoIP accounts and phone numbers – great for multiple users or several lines. With all of these flexible features, the Gigaset N300 IP can be configured precisely to individual needs. VoIP benefits There are many advantages to VoIP calling on the Gigaset N300 IP. All internet calls occur in HD sound, thanks to exceptional HDSP¹ technology. An additional perk: connect with another Gigaset VoIP phone via Gigaset.net² for free calls – no matter where in the world calling partners are. Supports online telephony features When used with compatible Gigaset handsets³, the Gigaset N300 IP offers a host of convenient online calling features at your fingertips. The email viewer sends an automatic notification of each new email that arrives in the user's account, including the sender, time/date, subject and text. The online directory is excellent for looking up people and businesses in the net directories of numerous online phonebook providers

- High quality DECT-VoIP base station with smart online convenience (HDSP, info services)
- USP: High quality DECT-VoIP base station with smart online convenience (HDSP, info services)
