Product Name: Gigaset S650H Pro DECT Handset
Manufacturer: Gigaset
Model Number: S650H

Gigaset S650H Pro DECT Handset
The Gigaset S650H Pro DECT Handset is opimized for everyday use in office environments. The first thing you notice when you hold the S650H PRO is how great it feels in your hand. The volume keys on the side brings absolute convenience while calling where the keypad is just right to dial the right number over and over again. With its high-quality polymer finish, the handset is scratch- and disinfectant resistant. The handset is loaded with Gigaset‘s business features enriched with Bluetooth, vibrate and audio profiles. This adapts the phone to fit to your personal needs in specific situations. The micro-usb port prepares the S650H PRO for future software updates to support Gigaset DECT networks. This makes the handset fit perfectly to the N720 DECT IP Multicell and N510 IP single cell System from Gigaset pro. Of course it can also be connected to other GAP compatible base stations in both single- and multicell environments.
