Gigaset

View Guide

The Gigaset SL400H is the slim, pocket-sized handset ideal for enthusiasts of cutting-edge features, luxurious materials and innovative design. The Gigaset SL400H features a genuine metal frame, giving home telephony a high-end aesthetic and luxurious finish. The illuminated genuine metal keypad looks great while easily guiding you to the numbers you need. Inside and out, this handset is equipped with features that reach new heights in home telephony. Small proportions, generous where it counts: the Gigaset SL400H boasts a large 1.8" high-resolution TFT colour display. It's optimised for reading, navigating and customisation. Simply upload snapshots of your contacts and assign them to the appropriate telephone number. The picture caller ID feature shows the corresponding photo on the display whenever your friends and family call. Or select one of your

pictures for your screensaver &ndash; and the slideshow feature&rsquo;s great for a personal viewing session. The energy-saving power supply of the Gigaset SL400H consumes less electricity, so it&rsquo;s kinder to the environment, and kinder to your wallet. Like all Gigaset cordless phones, it variably reduces the transmitting power from the handset to base station depending on their distance apart. You can also reduce the transmitting power of the Gigaset SL400H&rsquo;s base station by 80% simply by selecting the ECO Mode. Furthermore, radiation-free ECO Mode Plus turns off the transmitting power when the phone is in standby. If you&rsquo;re looking for a stylish handset with innovative technological features, then the Gigaset SL400H is the perfect pocket-sized addition to wherever you reside.
