

Mitel (Aastra) M675i Keypad Expansion Module (560M)

Product Name: Mitel (Aastra) M675i Keypad Expansion Module (560M)

Manufacturer: Mitel Aastra

Model Number: AAST560EXP

Mitel (Aastra) M675i Keypad Expansion Module (560M) for 6735i, 6737i, 6755i, 6757i or 6739i IP Phones

Mitel (Aastra) M675i Keypad Expansion Module Offers Increased Call Control and Flexibility
The Mitel (Aastra) M675i Keypad Expansion Module is designed for receptionists, administrative assistants, call center agents, power users, and executives. The Mitel (Aastra) M675i increases both the power and flexibility of a number of Aastra SIP telephones including the Aastra 6739i, Aastra 6755i and Aastra 6757i.

Mitel (Aastra) M675i Key Features

- Up to 9 call appearance lines over the phone and expansion modules
- Shared Call and Bridged Line Appearances (SCA & BLA)
- Busy Lamp Field (BLF) - maximum of 50 BLF per phone
- Programmable Speed dials
- Custom XML feature key support
- Call park and pickup

Up to three modules can be used with the IP Phone to create a powerful, feature rich console. Modules share power and signaling with the phone, eliminating the need for additional wiring.

Flexible Features

The Mitel (Aastra) M675i Keypad Expansion Module is equipped with LED status indicators and support a variety of programmable features including Line, Speed Dial, Busy Lamp Field (maximum of 50 BLF per phone), Bridged Line Appearance, Shared Call Appearance and Do Not Disturb.

Simplified Deployment

Sharing both power and signaling with the Aastra 6700i Series phone, expansion modules can be easily added without additional installation or wiring expense. Simplified configuration via WebUI or configuration file from the phone.

Expandability

Up to three modules can be used with the Aastra 6700i Series phones offering up to 180 keys. Growing businesses can start with a single module and add more as their needs increase.
