

Panasonic KX-A405UK DECT repeater

Product Name: Panasonic KX-A405UK DECT repeater

Manufacturer: Panasonic

Model Number: KX-A405UK

Panasonic KX-A405UK DECT repeater

The Panasonic KX-A405UK enables calls that can be made and received anywhere within the range provided by the base station and the repeater, thanks to its roaming capability. The KX-A405UK is simple to use as there is no wiring required, simply plug it into the mains. It is possible to register up to six repeaters to any single DECT base station in order to extend the range in different directions. Up to 2 handsets can be used simultaneously in the repeater area. Panasonic KX-A405UK DECT repeater Key Features

- Up to 2 DECT repeaters can be registered to the base unit.
- Compatible between the KX-TGP500/KX-TGP550 and the KX-TPA50 DECT handset
- Wall mountable
- LED indicator to help determine an appropriate location (Red- very weak / Amber- weak / Green- strong)

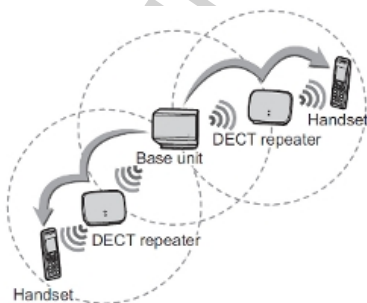

This Panasonic KX-A405UK allows you to extend the range of your Panasonic DECT phone system to include areas where reception was previously not available. The unit extends the range in all directions, allowing several floors to be covered.
