

# Polycom CX100 Speakerphone Microsoft Lync (OCS)

Product Name: Polycom CX100 Speakerphone Microsoft Lync (OCS)

Manufacturer: Polycom

Model Number: CX 100

## Polycom CX100 Speakerphone Microsoft Lync (OCS)

The Polycom CX100 is designed to work with Microsoft Office Communicator 2007 offering high quality, hands-free calls from your computer. Untie yourself from your headset with remarkable voice quality.

### Polycom CX100 Key Features

- Hands-Free Freedom &ndash; Untie yourself from your headset for clear one-on-one calls or group conversations.
- High-Fidelity Speaker &ndash; High-quality audio for the best possible voice and video calls. Hardware supports up to 22kHz for CD-quality music or presentation audio.
- Two High-Quality Stereo Microphones &ndash; Others on your call will hear every word clearly, whether you are in an office or a conference room.
- Easy to Use &ndash; Convenient buttons enable you to launch applications, pick up and hang up calls, and control volume and mute.
- Built-in Stereo Headphone Port &ndash; Plug in headphones for private conversations, or unplug to go hands-free.
- Ultimate Portability &ndash; The integrated USB cable stores inside the unit for portability and convenience.

The Polycom CX100 Speakerphone connects and powers through an integrated USB cable for easy installation and use &ndash; no extra cables to carry or batteries to charge. Its small size and carrying case make it easy to take with you. Plus, the high-fidelity speaker doubles as a great portable solution for CD-quality music and presentation audio.
