Polycom Expansion Module - Turn the IP 601/650 into a fully featured Attendant Console

• Turn Your SoundPoint IP 601 or 650 into a High Performance attendant console
• Augments the user interface of the SoundPoint IP 601 or 650
• Simplifies management and monitoring of a high volume of simultaneous calls
• Together with a host phone, creates a High Performance, Productivity Enhancing solution for telephone attendants
• Provides an easy transition from traditional Key Systems to the features and functionality of Voice over IP

Features & Benefits

• 160x320 pixel graphical grayscale LCD display
• 14 illuminated keys configurable as a line appearance or a speed dial with busy lamp field (BLF)
• Hot swappable - can be added to or removed from an idle host phone at any time
• Plug-and-play - requires no set-up as power and signaling are provided by the host phone
• No extra cables or power supplies are required
• User-friendly call visualization similar to that on the SoundPoint? IP 601 and 650
