

# Polycom SoundPoint IP 301 (IP301) IP Phone

Product Name: Polycom SoundPoint IP 301 (IP301) IP Phone

Manufacturer: Polycom

Model Number: IP301-M

Polycom SoundPoint IP 301 - Cost Effective voIP Telephony

Availability: Discontinued Please note the the SoundPoint IP 301 has been replaced by the SoundPoint IP 331

The Polycom SoundPoint IP301 offers great benefits such as:

- Two-line desktop IP phone that provides remarkable value.
- Similar in sound quality and ease-of-use to the Polycom SoundPoint IP500 and SoundPoint IP600
- The SoundPoint IP 301 offers users an entry-level, high quality choice for their IP telephony requirements.

Working jointly with Polycom's IP Telephony Technology Partners, the SoundPoint IP301 supports core enterprise functionality. The Polycom SoundPoint IP 301 offers an easy transition from traditional PBX features and functionality into the world of voIP with 10 dedicated hard keys and 3 context sensitive soft keys. The IP301's intuitive user interface offers one button access to common telephony features whilst an information-rich display delivers content for messaging, directory access, call information and applications. Suitable for everyday users, the SoundPoint IP301 offers excellent voice quality in handset or headset mode. This enhances the productivity of business phone calls, with less time spent trying to understand what people are saying - and more time communicating with them.
