The VVX 600 has been built with executives and managers in mind with the capabilities to manage Microsoft Exchange Calendars, receive meeting reminders and alerts, access the corporate directory and Instant Messaging/presence status right from the phone display. The Polycom VVX 600 phone is built for executives and managers who need a powerful, yet intuitive, expandable office phone that helps them stay connected to lead your organization. Founded on the behavior common to smartphones and tablets, the intuitive gesture-based, multi-touch user interface of the VVX 600 phone makes navigation easy and requires minimal training. With its combined ergonomic design, Polycom HD Voice quality and a large, high resolution color, multi-touch screen, the VVX 600 Business Media phone is ideal. The Polycom VVX 600 phone is easy to deploy and simple to manage through the Web-based, intuitive configuration tool. Its enterprise-grade Zero Touch Provisioning and server based configuration on large scale deployments as well as our redirection services, gives your administrators the ability to easily provision and maintain a large number of phones throughout the entire enterprise. The built-in, broad interoperability capabilities allow IT departments to leverage previous IT infrastructure investments and achieve easy integration with third-party UC and productivity applications.
