

# Power over Ethernet Converter

Product Name: Power over Ethernet Converter

Manufacturer: -

Model Number: POE

Please Note: The Power over Ethernet Converter has been discontinued. For an alternative, we recommend the IEEE 802.3af Power Over Ethernet Injector.

POE (Power-Over-Ethernet) Converter

The POE (Power-Over-Ethernet) Converter is no longer required for the Aastra 480i and the 9133i. However these are still available for purchase in the event one might be needed.

Features include:

- Self-contained Power Injector up to 15W - 100-250 VAC Universal Input - Desktop Style, Single Output - Regulated Output With Low Ripple - Detection Collision Avoidance - CE Compliant
