

Sangoma A200RABP2 Slave Card

Product Name: Sangoma A200RABP2 Slave Card

Manufacturer: Sangoma

Model Number: A200RA

Sangoma A200 Remora Slave Card

Sangoma's A200 4 port FXO/FXS card delivers superior audio qualities and is expandable to 24 ports in a 2U form factor, with optional carrier-grade echo cancellation.

As you need them, additional REMORA cards can be added to the base four port A200 card. A single PCI slot hosts connection for up to 24 ports and ensures common synchronous clocking for all channels.

The Sangoma A200 card supports upto 5 slave cards, providing 24 ports (12 modules).
