

Spectralink 7480 DECT Handset

Product Name: Spectralink 7480 DECT Handset

Manufacturer: Spectralink

Model Number: 0238 8000

Spectralink 7480 DECT Handset

The Spectralink 7480 (formerly KIRK 4080) handset is a robust, well designed and full feature handset that is ideal for hazardous conditions like explosive environments. The 7480 meets demands for easy mobility and is built for long-term dependability in harsh environments. In order to meet industry standards, the 7480 is IP64 classified, which means that it is dust-protected and protected against splashing water. Ideal for oil, gas, chemical, wood-processing, ingredients and food industries.

Spectralink 7480 DECT Handset Key Features

- ATEX approved: II2G II3D T60°C EEx ib IIC T3
- IEC approved: Ex ib IIC T3
- Alarm key - ready for alarm application
- Speed dial/Alarm key speed dial
- Telephone book with room for 200 names and numbers
- Auto login - roaming between 10 different systems

The Spectralink 7480 DECT Handset is targeted at potentially explosive work environments. Areas of application include, but are not restricted to, oil, gas and chemical production as well as dust-filled environments within the wood-processing, ingredients and food industries.
