VXi BlueParrott B250-XT Bluetooth Mobile Headset

Note: The VXi BlueParrott B250-XT is compatible with the Aastra 6739i SIP phone. The VXi BlueParrott B250-XT is perfect for situations where excessive background noise is an issue. The B250-XT is a professional grade, wireless noise-canceling headset for Bluetooth cellular phones and Bluetooth-enabled computers.

VXi BlueParrott B250-XT Bluetooth Mobile Headset Key Features

- More than 16 hours of talk time on a single charge.
- Up to 150 hours standby time.
- Our Xtreme Noise Suppression technology blocks out background noise—even the roar of an 18-wheeler!
- Ultra-stable over-the-head design.
- Pairing, mute and volume controls.
- Includes DC (vehicle) and AC (home) adapter charging cords.
- Hearing aid friendly.
- One-year warranty.
- Compatible with Bluetooth-enabled computers.

The VXi BlueParrott B250-XT combines a high-performance VXi noise-canceling microphone with Xtreme Noise Suppression technology to eliminate ambient noise. This means that when you put on a B250-XT, you can always hear and be heard.
