

VoIP Number Porting

Product Name: VoIP Number Porting

Manufacturer: -

Model Number: NUMBERPORT

What is Number Porting? If you have an existing telephone number provided by BT, you can port the number across to VoIPon thus enjoying the benefits of VoIP without changing your number. Number Porting Benefits Do more with your number! Manage features online such as Call Divert, Voicemail, Caller ID On/Off, and Route your number to any type of VoIP destination! Integrate your current numbers with your VoIP Solution without using analogue-to-VoIP interfaces. Carry your number with you! Your number will always route to your location, regardless of where you are. Next time you move office/home, you don't have to make any arrangements regarding your number.

Number Porting Costs

- Yearly Fee of £35.99 per number (may vary based on quantity of numbers and/or existing subscriptions)
- Setup Fee £48 (+VAT) for 1 number + £12 per additional number, up to a maximum of £156
- No further charges for receiving calls

In order to process your port as soon as possible please read our porting FAQ's here: [Porting FAQ](#)
