

Xorcom External USB Hub (XR0107)

Product Name: Xorcom External USB Hub (XR0107)

Manufacturer: Xorcom

Model Number: XR0107

Availability: In Stock

4-Port External USB Hub

P/N = XR0107

Configurations involving multiple Astribanks often require use of a USB hub to connect them to the Asterisk server.

In order to ensure a positive user experience, we branded a 4-port model that has proven itself in our lab tests. Its dimensions allow it to be affixed easily and aesthetically to the rear panel of our XR2000 and XR3000 IP-PBX models.

Xorcom USB Hub: tested and sized specifically for Xorcom IP-PBX models.

Overview of Xorcom Network Topology

Xorcom Atribanks USB Based Telephony Modules for Asterisk
