Product Name: Xorcom Live Rescue
Manufacturer: Xorcom
Model Number: XLR

Live Rescue - Bootable Disk-on-Key
Disaster Recovery Utility for Xorcom IP-PBX  The Xorcom Live Rescue&trade; (XLR) is a bootable Disk-on-Key (DOK) that can run the Xorcom XR1000, XR2000 and XR3000 Asterisk-based PBX directly from the IP-PBX USB port.  It enables simple, safe and speedy disaster recovery for Xorcom's IP-PBX solutions in case of a faulty configuration, disk crash, or other disaster.  This solution enables seamless operation until such time as maintenance can be scheduled conveniently.  To prepare the XLR, use the Xorcom Rapid Recovery&trade; utility and any 4 GB DOK (such as the one pictured at left). Follow the instructions in the Xorcom Rapid Recovery User Guide.   to see how easy it is to use the Xorcom Rapid Recovery and Xorcom Live Rescue disaster recovery utilities from Xorcom!

The Xorcom Live Rescue DOK connects to your computer's USB port to provide disaster recovery for your Asterisk-based PBX.
