Product Name: ZYCOO iSpeaker C60
Manufacturer: ZYCOO
Model Number: iSpeaker-C60

ZYCOO iSpeaker C60
The ZYCOO ispeaker C60 adds video capability to the exisiting iSpeaker model. The iSpeaker C60 is a SIP based audio system. The C60 utilizes the built-in intercom and paging capability already inherent in most modern IP PBX systems and enhances this to improve end user experience by providing a dedicated high performance digital amplifier on which to broadcast announcements or play background music.
