

SB67025

Synapse deskset with caller ID* and speakerphone

The AT&T Synapse® SB67025 deskset offers dual Ethernet ports and a large backlit display with context-sensitive help to guide you through all feature operations. Soft keys present different options for handling each call depending on its status. The deskset comes with built-in caller ID*, voicemail with 30 minutes of recording time** and a speakerphone for hands-free communications. Plus, with built-in DECT 6.0 technology you can pair an accessory cordless headset for maximum mobility and convenience.
