

End User Premium Support

Ruckus Wireless offers quality, knowledgeable, responsive worldwide technical support for its Smart Wi-Fi systems.

Ruckus Wireless offers two support plans: Premium Support and Software Support. These plans augment the Limited Lifetime Warranty included with most Ruckus Wireless ZoneFlex products.

Resellers and distributors can offer these support services to their customers, drawing directly on the highly qualified resources of Ruckus Wireless.

Premium Support delivers access to an online knowledge base, complete documentation and user forums. In addition, Ruckus Wireless technical support professionals are available via:

- Phone
- E-mail
- Support Web

Through the support Web, Ruckus Wireless makes the latest software updates available to customers. Software updates include bug fixes and maintenance releases.

Premium Support customers receive access to software upgrades for the products they purchased as well as invitations to participate in Beta programs.

Premium Support customers are also entitled to advanced hardware replacement if required.

Software Support customers receive upgrades as well as bug fixes to the software accompanying the applicable hardware purchased.

For more information or to purchase a Support Plan, contact your Ruckus Wireless reseller or representative.

Phone and E-mail Support

Technical support from a Ruckus Technical Support Engineer is available via phone or email. Telephone calls are answered by a customer service agent who collects initial information and assesses the urgency of the situation. After-hours telephone calls are forwarded to an English-speaking answering service, and a Ruckus Technical Support Engineer will respond within 30 minutes from receipt of the call.

Do-It-Yourself with Ruckus Web Support

Ruckus Web Support is at <http://support.ruckuswireless.com> contains comprehensive product information including manuals, technical documentation and software updates. Some of this information is publicly available but some of the content is offered only to support plan customers. Support plan customers may be proactively notified via email when new content is posted.

Hardware Replacement

In the event of a hardware failure, Premium Support customers may receive a replacement unit in advance of return shipment. All returns must be authorized and assigned RMA numbers in advance by a Ruckus Technical Support Engineer. Premium Support customers must ship failed unit(s) to Ruckus within fifteen (15) calendar days from the date of receipt of replacement product(s). Ruckus reserves the right to bill for units not shipped within this time. The replacement unit may be either refurbished or new, at the option of Ruckus.

Software Updates and Upgrades

Bug fix and maintenance releases and accompanying documentation are available via the Ruckus Support Web site. Premium Support customers will be further provided with software upgrades for the applicable hardware originally purchased for the term of the contract.
